

"To Be A Happy Zillionaire"

Alexandra

Elleta McDaniel & Charlotte Linton

Alexandra dreams of becoming a happy zillionaire. As an encouragement to this wish we have created an interactive representation of a bonsai tree. This defeats the saying "money does not grow on trees." This provides a whimsical, fun creation to put treasures in. Each container also represents the steps to where you want to be in life. These steps override the s-curve gate at the bottom showing that no dream is ever too large.
