

# Lizbeth

I want to become a nurse

- Concept:  
The design was inspired by a caduceus, the symbol representing the International Nursing Council. By transforming the shapes into movable 3-D objects, we were capable of encompassing the purity, fragility, and the wholeness that nursing truly signifies.

- This project was created by teamwork, collaborative brainstorming, and conceptual design ideas.

- Hand Blown Glass
- Baltic Birch
- Aluminum Dowel
- Steel Dowel
- Steel Hardware
